# DEMOCRATIC CANDIDATES VERY BUSY

**SENTIMENT FOR UNTERWOOD  
IS GROWING IN THE EAST**

**MORE PROMINENCE BEING GIVEN CANDIDACY OF WOODROW WILSON AND THE SPEAKER OF THE HOUSE.**

WASHINGTON, Jan. 8.—William McCombs opening headquarters at the New Willard hotel here for Woodrow Wilson; with Hugh Nichols due to meet at Har-

quarters here last week, with Champ Clark's friends looking with anxious eyes under frowning brows at these activities and with Oscar Underwood harkening with surprise and pleasure to good news from New York, democratic presidential possibilities are attracting considerable attention at the National Capital.

Oscar Underwood, according to the information that has reached Washington, has been looming up as a large and democratic leader among the beginning to sit up and take notice. Reports are he looks good to them. The young Alabamian's course in congress, his poise, self control, and courage, have brought him into the ranks of the new leaders.

New York democrats have been discussing him as being in a class with Champ Clark, as a happy medium, between the complicated radicalism of some other candidates and the alleged ultra conservatism of others. The New Yorkers say they want a man who first can be elected and then can be so successful for the whole country.

The geographical disability against southern candidates does not appeal to the New Yorkers, and applying altogether to Mr. Underwood. He was born within a mile of the Indiana line, in the border state of Kentucky, his trading and hunting must have been largely in the northern character. The New Yorkers are looking at the man's mental processes and these qualities and not the states from which he hails.

The past week has witnessed a notable expansion of the efforts of the Wilson boomers. The headquarters at 42 Broadway, New York, have

most doubted. Mr. McCombs is securing an office here to have a place where the friends of Governor Wilson can assemble and exchange views.

Mr. McCombs insists that if the convention were held now, Governor Wilson would be chosen for the presidential nomination. He claims that Wilson has more than a majority of the delegates in sight.

When the democratic convention meets here there will be a number of conferences among the leaders from

the different states with the object of deciding on the man who is likely to make the most successful campaign.

There has never been a time when the democratic leaders were more cold-blooded and calculating than at the present. There is no better group in this campaign and it is believed there will be no stampede in the convention.

Champ Clark's boom has reached the button-distributing state, but has not attained the practical dimensions of possessing headquarters or active managers. Speaker Clark is playing the role of receptive candi-

date. His friends say, his position as speaker of the house necessitates his political activities. They expect his star to begin its ascendancy at the national convention.

The Harmon boomers are still struggling with the handicap of ultra conservatism charged against the Ohio governor and the open and active hostility of William J. Bryan.

**ARCADE PRESENTED BRILLIANT SPECTACLE SATURDAY NIGHT**  
NEW AMUSEMENT PLACE  
FLOODED WITH LIGHT AND MUSIC AND THROGGED WITH VISITORS AT OPENING.  
The new Arcade Amusement hall, which was thrown open for public inspection Saturday night attracted numbers of people throughout the day, but it was in the early evening that the crowd reached the greatest numbers and the big building was filled until there was scarcely standing room and it was estimated that more than 1,000 people were present to view the brilliantly lighted building and harken to the music of the big military band organ, to the music of which the dancing members of the crowd enjoyed two stops or waltz upon the spacious floor turned over to the public for the evening free of charge.  
The invitation extended to the public to attend the opening seems to have been generally accepted and townpeople, winter residents and hotel guests were all included in the big crowd which made the opening a grand success, very gratifying to the proprietor and management.  
While numbers of the visitors engaged in dancing, others were attracted by the pool and billiard tables and the bowling alleys, the latter being crowded throughout the entire evening. The refreshment department was also kept busy answering calls for ice cream, soft drinks, candy and cigars.  
The opening of the Arcade marks an epoch in the amusement business in Daytona and even those most doubtful of the wisdom of the investment, returned from the opening with a feeling that Mr. Kreitzberg would reap a well deserved success from his undertaking.

**SCHOONER EMILY B. IS SUNK NEAR MOUTH OF THE INLET**  
(Continued from first page)  
which is the only boat here capable of going to sea in rough weather, and started for the inlet. By the time he arrived there the schooner had sunk and there was no need for his boat to be pressed into service, except to bring the members of the crew back to this city. Mr. Bullard is always ready to send his boat out in case of assistance needed at any time the sea can be made by any kind of a boat.  
The men were brought to this city and from here Capt. Hendrickson went to St. Augustine to get another boat, with which he will try to pick up the cargo and complete the trip to Palm Beach. Included in the cargo were 15 specially constructed drums for transporting gasoline which were carried by Dr. Cook on his last trip toward the north pole. They had recently been purchased by Capt. Hendrickson. It is believed most of the oil can be recovered, but the groceries will be lost.  
The Emily B. went down in almost the exact spot where the Mary B. sank ten years ago at about the same time of the year. The Mary B. was owned and handled by Capt. Hendrickson when she sank at that time. The Emily B. has been in service for many years and was fitted up with many relics picked up from wrecks along the East Coast by Capt. Hendrickson during his long term of service on the sea. Capt. Hendrickson is a man about 65 years of age and is well known along the East Coast. Engineer Fulford is from Boston and shipped on the Emily B. at Palm Beach on the up-trip. Lawrence shipped on the boat when she left Jacksonville.

**Expensive Slip.**  
A well-dressed man was hurrying along the Rue de Passy, Paris, when he slipped, and falling forward dashed his elbow through the window of a wine shop. The proprietor rushed out to claim the price of his window and a large crowd gathered to see fair play. The man who had broken the window protested that he had no money. "Search him!" shouted some one in the crowd. There were no policemen about, so the wine shop keeper and a few friends took the law into their own hands, searched the man's pockets and found a \$20 note.  
The crowd advised the wine shop keeper to pay himself well for his broken window. He took \$2 to pay for his broken glass, and the unpopular man who had broken it went away with a torn coat and \$18 change. The \$20 note was a forgery.

A regular line of automobiles going and coming to and from the inlet was shown all the afternoon. By that time the schooner had sunk and there was nothing to be seen.

Will Cowan, one of the night watchman, while on his rounds Saturday morning at about 1:30 o'clock, discovered a barrel on fire at the rear of the Lyman grocery on South Beach street, and extinguished the flames with a couple of buckets of water. There was no special danger to the surrounding buildings, but the burning barrel was just ready to ignite another standing beside it that was close to Mr. Lyman's auto delivery truck which would probably have been damaged.

## CONRAD-OATES

### "Lock Your Barn BEFORE the Horse Is Stolen"

IN OTHER WORDS:

Take Out a Burglar Policy Before Your House Is Broken Into.

Our policies cover against any kind of theft from your premises or barns, and our company will not only pay you for the loss that you have sustained but will put their men on the trail of the thieves, and endeavor to recover the stolen articles.

You would be surprised to know how low the rates are. For instance, \$12.50 for \$1,000, insurance for one year, permitting you to leave your house vacant for six consecutive months in that length of time. Larger amounts at smaller rates in proportion.

Only one house out of the many upon which we carry policies has ever been entered by burglars.

In "The Third Degree," presented at the new Daytona theater last Saturday evening by the United Play company, the people of Daytona were treated to one of the best plays ever presented in Daytona. The audience was far from as large as the rendition deserved, but what it lacked in numbers it made up in enthusiasm.

Harmless Fad.  
"I suppose in these ragtime days you sell very little classical music!"  
"More than you would imagine," answered the music dealer. "Almost everybody buys a few sheets to place on the piano when company calls."

**PASTOR RUSSELL AT THE CHINESE PARIS**  
No Burning Hell For Heathen Mentioned in the Bible.

Rightly Understood the Bible's Message is One of Great Joy For All People—Tells That He Himself Was Once on Life's Sea Without Chart or Compass.

Shanghai, China, Jan. 7th.—The Committee of Foreign Missions investigation seemed pleased with its reception here. Special honors were accorded General Hall and Pastor Russell, the former because of his official position as second in command of the United States Army, the latter as the Chairman of the Committee. We report Pastor Russell's discourse:  
Pastor Russell greatly enjoyed his visit to the Chinese Paris. It was an experience he had longed for from childhood. Early in life he had inclined respecting the fate of the heathen and had received the answer that "without faith it is impossible to please God," and that "there is none other Name given under heaven whereby we must be saved" than the name of Jesus, and through faith in His blood. He then inquired the fate of the unsaved, and got the answer of all "orthodox creeds," that such would be consigned for all eternity to a place where they would suffer indescribable tortures.  
Supposing that the Bible was the foundation of these creeds he abandoned the Bible, and for nearly two years was on the sea of life without chart or compass, seeking after a true God not less noble and loving and just than the very best of His human creatures.  
Feeling sure that a wise, just, loving God, having made man with mental capacity to appreciate Himself, would make a revelation of His character and His purposes, he sought for a book containing such a revelation of the Divine will as his heart and head could accept. Having abandoned the Bible, he sought the teachings of other sacred books of the world, only to find them still more disappointing.  
Hungry of soul, he returned to the Bible, thinking possibly he had studied it before through the distorted spectacles of human creeds. His fresh investigations brought a blessing! Nowhere had he found so glorious a representation of the true, Divine character as in Jesus and His teachings! Truly, he said, "Never man spoke like this man!" Finally he saw the great difficulty which had blinded himself and others to the Divine love and gracious plan of the Bible.  
The Resurrection of the Dead.  
This discovery was that the penalty for sin is not everlasting torture after death, and that the Bible does not so teach. It declares, "The wages of sin is death." "The soul that sinneth, it shall die." (Romans vi 23; Ezekiel

**SUSPICIOUS CHARACTERS**  
**DRAW SIXTY DAYS EACH.**  
Officer Cowan picked up two suspicious looking colored men at the railroad station Sunday night and lodged them in the South bridge waiting room. In police court Monday morning they were unable to give a good account of themselves so drew 60 days on the streets each. Automobiles and people in general will soon miss a few chuck holes in the city streets that will be gone but not forgotten. The colored gentry gave as their names Lewis Carter and Chas. Munerly.  
One white man from Daytona Beach was picked up for driving an automobile without proper lights. He pleaded guilty and was fined \$1.
